URGENT MEDICINE RECALL

HYLAND'S TEETHING TABLETS HYLAND'S TEETHING NIGHT TABLETS

AUST L EXEMPT

RC-2017-RN-000518-1

Kadac Pty Ltd, following consultation with the Therapeutic Goods Administration (TGA), is recalling all batches of Hyland's Baby Teething Tablets and Hyland's Baby Nighttime Teething Tablets sold in retail stores to the consumer level. The U.S. Food & Drug Administration (FDA) has concluded that the medicines have been found to contain inconsistent amounts of belladonna alkaloids, a toxic substance that may differ from the calculated amount on the products' labels.

Exposure to belladonna may pose a serious health hazard to children. The effects of belladonna are unpredictable and could cause serious health problems.

All batches of Hyland's teething tablets and Hyland's teething night tablets are recalled. Customers are advised that the Gel is not affected.

Customers are further advised that all products, including the Gel, will be discontinued in Australia.

Consumers who have tablets that are subject to this recall should discard the product or return it to the place of purchase for full refund.

Consumers with questions regarding this recall can contact KADAC Customer Care by calling 1300 762 025 (Monday-Friday 9 a.m. to 4 p.m. AEST).

Consumers should contact their physician or healthcare provider if they believe they have experienced any problems that may be related to taking or using these products.
